

## **Ghosts of Our Forests Past-** Rare glimpses of Mt Disappointment Forest, Sawmills and Tramways

The Wandong History Group is excited to bring to you an event to celebrate the purchase of its new and valuable book. This book was purchased some time ago and contains original images of the forest activities and Wandong's Seasoning works and other buildings. This book had been long forgotten and when recently put up for auction, the History Group was fortunate to be able to purchase the book from the successful bidder.

The day will include a talk on the forest post bushfire and the survey that was done on the tramway that existed from the forest to Wandong, as well as photo displays, town walks and other activities. There will be a colouring competition that will run from October to the day of the event where it will be judged and prizes awarded. There will be a display of classic cars and a cooper will ply his trade.

Mark the 12th of November in your calendar now, the day will begin at 10am and take place over three venues, all with different displays. Devon-shire tea and a sausage sizzle will be on offer.

For any further information please contact Karen Christensen 5787 1713 or Di Vidal 5787 1314.
