Living in Wallan, Beveridge, Kilmore, Broadford, Wandong, and see yourself as a person perhaps experienced in controlling and organising a group and determining its future direction or maybe you are somebody who can organise and see events through to a successful conclusion, perhaps are good at Secretarial and administrative duties or recruitment. We are in need of people wishing to work in primary schools with the Junior Neighbourhood Watch program and helping with cubs and scouts to get their badges. Whether you would you like to organise your local community as a sub group under the South Mitchell NHW umbrella, or just want to help as a "foot soldier" on the ground at our events there is a position with your name on it!

We work in very close liaison with our local police, community groups, and Council to assist in local crime prevention education and personal safety initiatives and It is simply, easy, rewarding, and takes very little time or involvement. No experience necessary, just a willingness to be involved!!

**THERE ARE SO MANY LEVELS WHERE YOU CAN MAKE A DIFFERENCE!**
