

## ***CHANGES TO “WHATS NEWS” DELIVERY***

“Whats News” is receiving more and more requests for advertising and articles to be in colour. To do this we need to increase the number of colour pages from eight to twelve but this would increase printing costs which we cannot afford. Therefore commencing with the March issue of “Whats News”, to offset the additional cost of four more colour pages the number of copies printed will be reduced by 100.

“Whats News” is currently delivered to retail outlets in Wallan, Kilmore, Broadford, Whittlesea and Upper Plenty where it is collected by readers. Until now Wandong – Heathcote Junction residents have received a copy in their letter box but with less copies printed we will no longer do this, but make many more copies available at the Wandong Post Office, Wandong I.G.A. and Wandong Caltex.

If in the future advertising revenue increases to allow printing of more copies, we hope to return to letter box deliveries. In the meantime we apologise for any inconvenience caused.

If any resident is housebound, incapacitated, etc. we would be happy to continue your letter box delivery but you will need to notify Allen Hall on 57 871 474 to arrange this.

Allen Hall, Editor “Whats News”  
and Secretary, Wandong – Heathcote Junction Community Group Inc
