

Wandong Primary School

Welcome to 2020! What an amazing start we have had to the school year.

Our new Foundation students have made a fantastic start to school life and are busy learning new routines. It's wonderful to see so many excited and smiling faces each day. Students in grades 1 to 6 have had a refreshing break and have returned ready to face the challenges that 2020 will bring.

Throughout the summer holidays the school has been a hive of activity. Staff have been busy setting up their rooms and they are ready to hit the ground running. The most exciting change for the school community is the opening of our brand new library! Throughout the break, finishing touches have been made on the new building and this term the library is officially 'open for business'.

We would like to take the opportunity to send a massive thank you to members of the wider school community for attending the working bee on 21st January. During the day parents, students and staff completed a number of jobs including clearing the block, moving, sorting and covering books, woodwork and painting. It is truly inspiring to know that we have such an active and dedicated community who are committed to develop a wonderful environment for our children to grow and learn in.

In addition to such wonderful work in our newest learning space, our Foundation team have been busy giving a facelift to the classrooms in 'Little Land'. Our committed staff made a successful application to Bunnings for a Community Project grant which provided them with the paint and tools to freshen up the rooms for the newest members of our school community. Once again, a huge thank you to Bunnings Craigieburn, Taubmans Paint and the Foundation team for working to provide our students with such an inviting learning environment.

Wowee, if that's what we can achieve in the first couple of weeks I can tell 2020 is going to be an amazing year!

Keep smiling J
