

Wandong Primary School

We are all set for an exciting 2019 at Wandong Primary School!

Our staff have been very busy over the break (after a well-deserved rest of course J) preparing to hit the ground running with our 2019 cohort of students and we have enjoyed a great start. Our Foundation students have come in with big smiles on their faces and immediately settled in to life as primary school students, which has been great to see. Our returning students have come back refreshed and ready to take on the challenges that 2019 has to offer them. It brings me much joy to see the positivity that all of our community has and this is certainly evident in all classrooms, which have a very calm atmosphere.

Our new staff were in many times over the holidays to set up their rooms, to set up programs and to complete our induction process to learn the 'Wandong way'- where we put student learning at the forefront of all decisions we make.

In other news:

- construction of our new library up on the 'block' will commence shortly, which is very exciting, and will serve our students well for years to come.**
- Kirra Wright was selected to receive a 2018 Victorian School Sport Award- the first Wandong PS student to receive this high honour- and will be presented her award at a special award ceremony in March at the Melbourne Cricket Ground!**

Enjoy the sunshine and I look forward to giving you an update next month. All the best

**David Warren
Acting Principal
Wandong PS**
